Mobile Application

# How to Use the Open Sesame Mobile Application

## Introduction

Open Sesame is a mobile app for Chinese Bible Church of Maryland (CBCM) members to open the door of Gaithersburg campus. The app is integrated with CBCM church directory; Therefore, the user needs to get permission from the IT administrators first. Then connect to the WiFi of Gaithersburg campus before open the door.

The training mode allows the user get familiar with the app without username and password. For sure, the app won't trigger the Gaithersburg campus security system to open the door in the training mode.

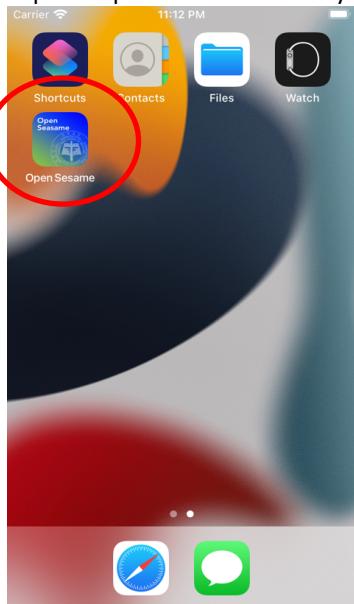

*ONCE YOU'VE INSTALLED THE OPEN SESAME APP,*

*PROCEED TO THE NEXT PAGE FOR INSTRUCTIONS ON HOW TO USE IT...*

## 1. Run Open Sesame App

### Steps:

1. Install Open Sesame app from App Store or TestFlight. You may receive the testing invitation or redeem code.
2. Tap the Open Sesame icon on your phone.

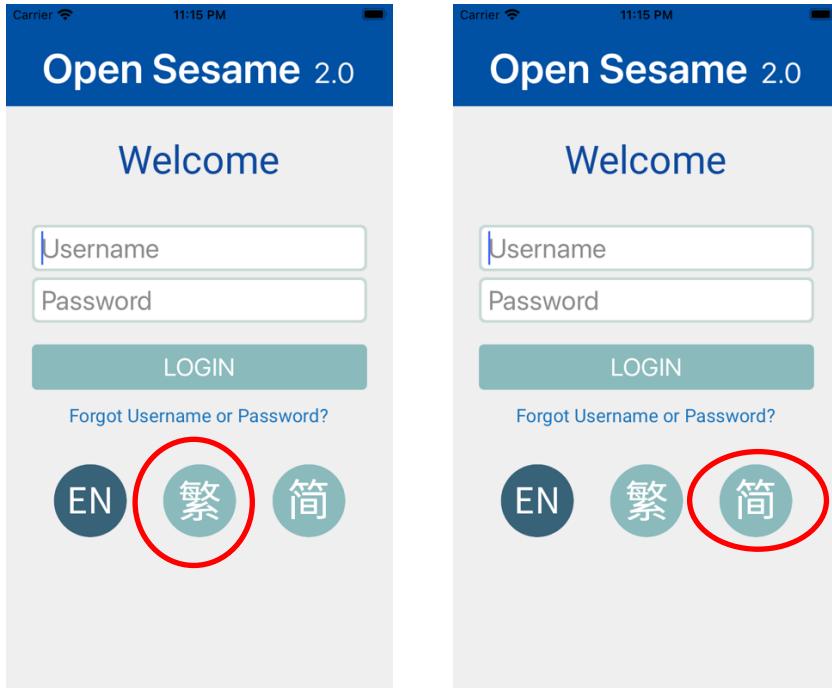

3. The app will display the flash screen a few seconds, then display the Login page.

Flash screen	Login page
A screenshot of the Open Sesame flash screen. The screen is primarily blue. In the center, the words "Open Sesame" are written in a large, white, sans-serif font. Below the text is a graphic of two blue panels that appear to be opening, revealing a white interior. At the very top, there is a circular logo containing a cross and some text, which is partially obscured by the "Open Sesame" text. The time "11:14 PM" is visible at the top of the screen.	A screenshot of the Open Sesame 2.0 login page. The page has a blue header with the text "Open Sesame 2.0". Below the header, the word "Welcome" is displayed in blue. There are two input fields: one for "Username" and one for "Password", both with placeholder text. Below these fields is a teal-colored "LOGIN" button. Underneath the button is a link "Forgot Username or Password?". At the bottom of the page are three circular language selection buttons labeled "EN", "繁", and "简". The time "11:15 PM" is visible at the top of the screen.

## 1. Switch language on Login page

### Steps:

1. Tap [繁] icon to switch to Traditional Chinese.  
Tap [簡] icon to switch to Simplified Chinese.

2. Tap [EN] icon to switch back to English.
3. The app will highlight the selected language icon and display the screen in selected language.

## 6. Unlock the door

### Steps:

1. Tap the [Unlock] button.

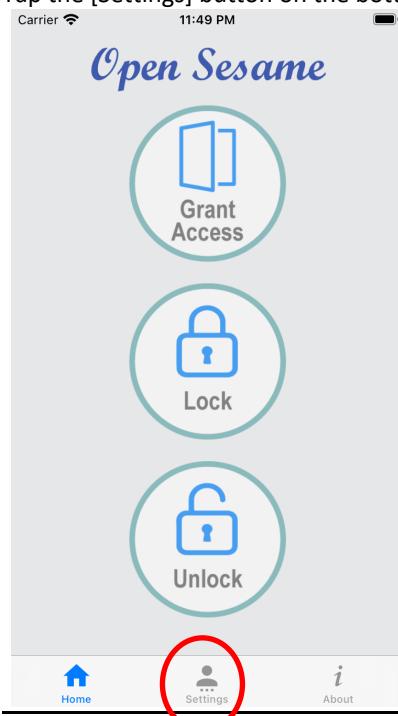

3. The button will be highlighted and then display the successful message.

## 7. Go to Settings Page

### Steps:

1. Tap the [Settings] button on the bottom of the menu.

2. The app will go to Settings page depending on the mode.

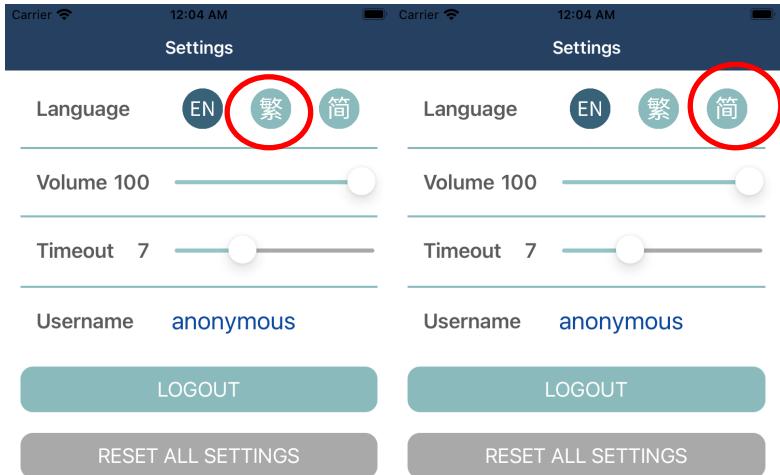

Training Mode	Admin Mode	User Mode
<p>Carrier  12:04 AM</p> <p>Settings</p> <p>Language EN 繁 简</p> <p>Volume 100</p> <p>Timeout 7</p> <p>Username anonymous</p> <p><b>LOGOUT</b></p> <p><b>RESET ALL SETTINGS</b></p> <p><b>Home</b> <b>Settings</b> <b>About</b></p>	<p>Carrier  11:24 AM</p> <p>Settings</p> <p>Language EN 繁 简</p> <p>Volume 100</p> <p>Timeout 7</p> <p>Use Real Data <b>ON</b></p> <p>Username</p> <p><b>LOGOUT</b></p> <p><b>RESET ALL SETTINGS</b></p> <p><b>Home</b> <b>Settings</b> <b>About</b></p>	<p>Carrier  12:23 AM</p> <p>Settings</p> <p>Language EN 繁 简</p> <p>Volume 100</p> <p>Timeout 7</p> <p>Username david.king</p> <p><b>LOGOUT</b></p> <p><b>RESET ALL SETTINGS</b></p> <p><b>Home</b> <b>Settings</b> <b>About</b></p>

## 8. Switch language on Settings page

### Steps:

1. Tap [繁] icon to switch to Traditional Chinese.

Tap [簡] icon to switch to Simplified Chinese.

2. Tap [EN] icon to switch back to English.

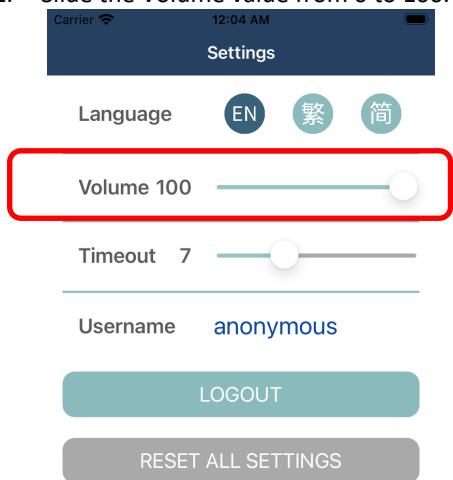

3. The app will highlight the selected language icon and display the screen in selected language.

Traditional Chinese page	Simplified Chinese page
The screenshot shows the Traditional Chinese Settings page. At the top, there are icons for Home, Settings, and About. Below the header, the language selection section shows '語言文字' with 'EN' (light blue), '繁' (dark blue with red circle), and '简' (light green) buttons. Underneath are sliders for '音量 100' and '逾時秒數 7'. The user name '使用者名稱 anonymous' is listed. At the bottom are '登出' (Logout) and '還原系統設定' (Reset System Settings) buttons. The footer has icons for Home, Settings, and About.	The screenshot shows the Simplified Chinese Settings page. It has a similar layout to the Traditional Chinese version, but all text is in Simplified Chinese. The language selection section shows '语言文字' with 'EN' (light blue), '繁' (dark blue with red circle), and '简' (light green) buttons. Sliders for '音量 100' and '超时秒数 7' are present, along with the user name '使用者名称 anonymous'. The bottom buttons are '登出' (Logout) and '还原系统设置' (Reset System Settings). The footer icons are labeled '主页' (Home), '设定' (Settings), and '關於本系統' (About This System).

## 9. Adjust Volume on Settings page

### Steps:

1. Slide the Volume value from 0 to 100. Then set the value to 50.

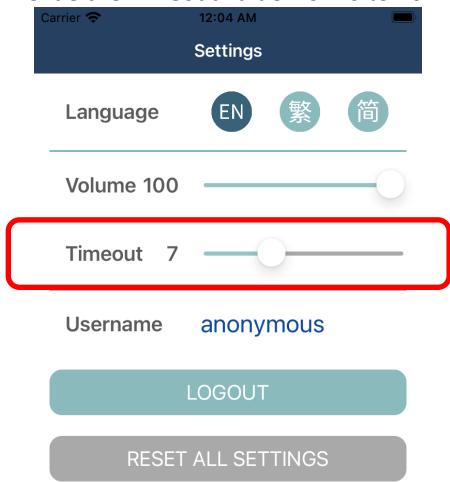

2. Perform "4 Open the door" again and listen to the beep sound.
3. The beep sound should be half lower than the original settings (100).

## 10. Adjust Timeout on Settings page

### Steps:

1. Slide the Timeout value from 0 to 20. Then set the value to 15.

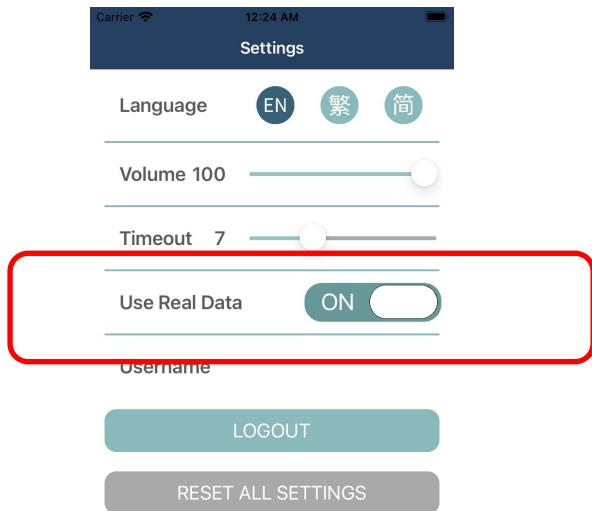

2. Perform "4 Open the door" again and wait for the pop-up window to disappear.
3. The pop-up window should stay 15 seconds and then disappear automatically.

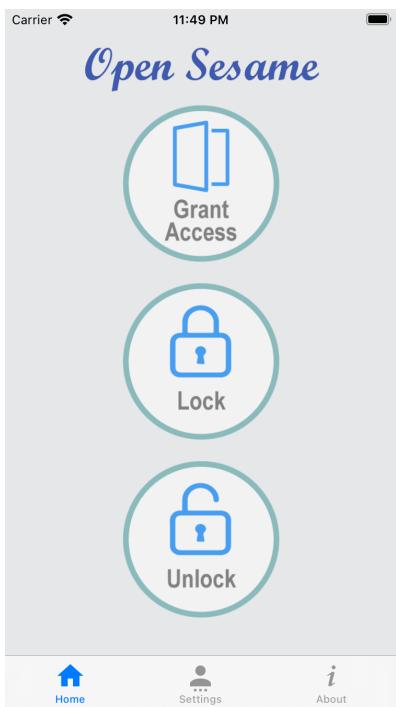

## 11. Switch real data mode on Settings page

### Steps:

1. Tap or slide the [Use Real Data] button to switch to OFF.  
\*\*\* Only administrators can see this option. Run “17. Login to Admin Mode” first.

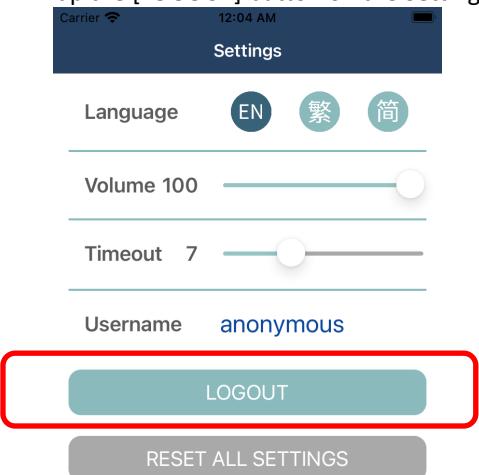

2. Go to Home page to tap either button.
3. The app will notify the security system to perform the action.

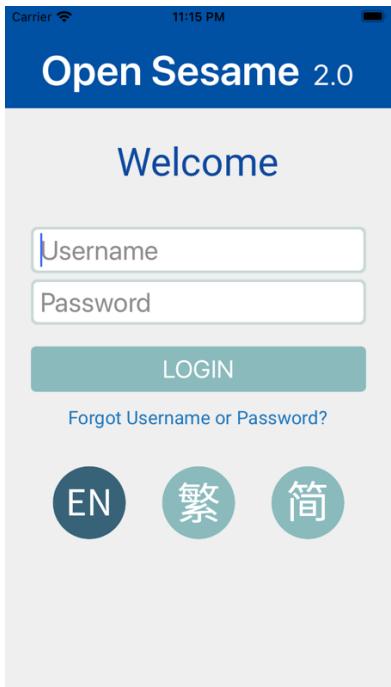

## 12. Logout the current user

### Steps:

1. Tap the [LOGOUT] button on the Settings page.

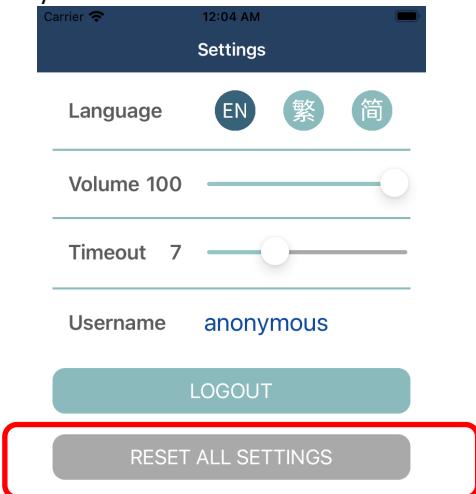

2. The app will go to refresh the local database and go to the Login page.

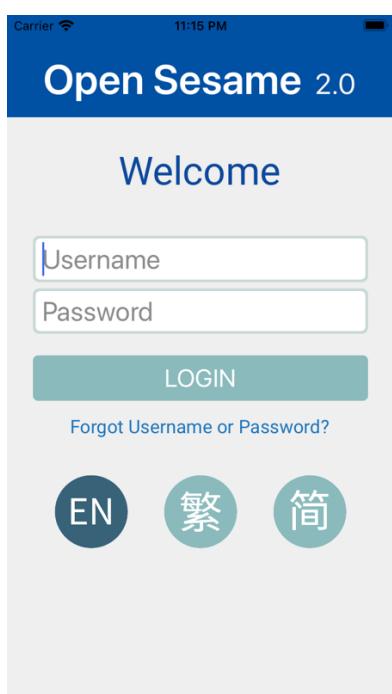

## 13. Reset all settings

### Steps:

1. Tap the [RESET ALL SETTINGS] button on the Settings page. This will refresh all of the local settings including system default values and translated words.

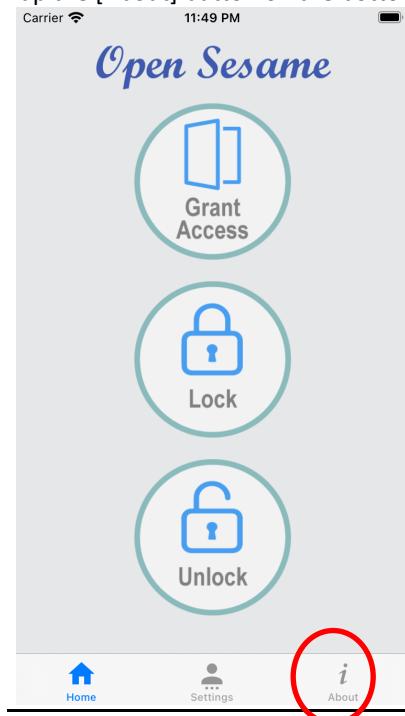

2. The app will go to refresh the local database and go to the Login page.

## 14. Go to About Page

### Steps:

1. Tap the [About] button on the bottom of the menu.

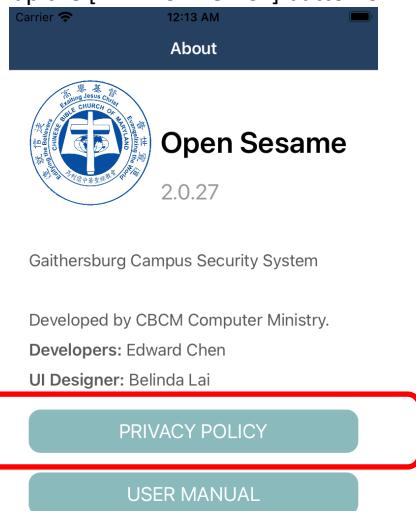

2. The app will go to About page.
